PCT
INTERNATIONAL SEARCH REPORT
(Article 18 and Rules 43 and 44 PCT)

File No. for Applicant or Attorney: PLA 0413	FURTHER STEPS: See form PCT/ISA/220 and following Point 5 if applicable	
International File No: PCT/EP2005/002282	International Filing Date: (day/month/year) 03/04/2005	Priority Date: (day/month/year) 03.20/2004
Applicant: FORSCHUNGSZENTRUM KARLSRUHE GMBH		
<p>This international search report was compiled by the International Search Department and will be sent to the applicant in accordance with Article 18. A copy will also be sent to the International Office.</p> <p>This international search report comprises a total of _____ 4 _____ pages.</p> <p><input checked="" type="checkbox"/> Additionally enclosed are respectively one copy of the prior art documents cited in this report.</p>		
<p>1. Basis of the report:</p> <p>a) With respect to language, the international search is based on the international application in the language in which it was originally filed, unless otherwise stipulated herein.</p> <p style="padding-left: 40px;"><input type="checkbox"/> The international search was carried out on the basis of the translation filed with this department of the originally filed application (Rule 23.1).</p> <p>b) <input type="checkbox"/> With respect to the nucleotide and/or amino acid sequence disclosed in the international application see field No. 1.</p> <p>2. <input type="checkbox"/> Specific claims could not be searched (see field II).</p> <p>3. <input type="checkbox"/> Lack of unity of invention (see field III).</p> <p>4. With respect to the title of the invention</p> <p style="padding-left: 40px;"><input checked="" type="checkbox"/> The wording provided by the applicant is approved.</p> <p style="padding-left: 40px;"><input type="checkbox"/> The department has provided the following wording.</p> <p>5. With respect to the Abstract</p> <p style="padding-left: 40px;"><input checked="" type="checkbox"/> The wording submitted by the applicant is approved.</p> <p style="padding-left: 40px;"><input type="checkbox"/> The wording according to Rule 38.2b) in field No. IV is approved by the department in the version provided. The applicant can submit comments within one month following the date of mailing of this International Search Report.</p> <p>6. With respect to the drawings</p> <p>a. The following drawing is published together with the Abstract: Figure No. _____</p> <p style="padding-left: 40px;"><input type="checkbox"/> As proposed by the applicant.</p> <p style="padding-left: 40px;"><input type="checkbox"/> As selected by this office because applicant did not submit a drawing.</p> <p style="padding-left: 40px;"><input type="checkbox"/> As selected by this office because the drawing better characterizes the invention.</p> <p>b. <input checked="" type="checkbox"/> None of the drawings is published along with the Abstract.</p>

International File Number:
PCT/EP 2005/002282

A. Classification of subject matter of application: IPK 7 C12G1/022 A23N1/00 Based on international patent classification (IPC) or the national classification and the IPC		
B. SEARCHED FIELDS		
Searched publications included in minimum material (classification system and classification symbols) IPK 7 C12G A23N		
Searched publications not belonging to minimum material, insofar as these fall into the searched fields.		
Electronic data bank consulted during the international search (name of databank and possibly used search terms) EPO internal, WPI data, PAJ, FSTA, BIOSIS, COMPENDEX		
C. DOCUMENTS CONSIDERED ESSENTIAL		
Categories	Publication title, if necessary by listing parts to be considered	concerning claim No.
